

Biomaterials Research Centre's Annual Day 2011 Clinical Applications & Biomaterials

November 24, 2011

Academicum, Medicinaregatan 3, Lecture Hall "Arvid Carlsson", 08.30 - 16.00

- 
- 08.30 - 09.00 Registration
- 09.00 - 09.05 **Welcoming address**
Carina Johansson, Chair of Biomaterials Research Centre
- 09.05 - 09.30 **The Bone Anchored Hearing Aid and Implant Retained Cranio-Facial Prostheses**
Anders Tjellström, MD, PhD, Emeritus,
Department of Otolaryngology,
Sahlgrenska University Hospital
- 09.30 - 10.00 **Biological Complications in Implant Dentistry**
Tord Berglundh, DDS, Odont Dr. Professor
Department of Periodontology, Sahlgrenska Academy
at the University of Gothenburg
- 10.00 - 10.30 *Coffee Break*
- 10.30 - 11.15 **Electrical Signals Control Multiple Cell Behaviours**
Colin D. McCaig, Professor
Institute of Medical Sciences, University of Aberdeen
- 11.15 - 11.30 **Wound Electric**
Peter Apell, Professor,
Department of Applied Physics, Chalmers University of Technology
- 11.30 - 11.45 **Company presentation - Mölnlycke Health Care AB**
Sofia Almqvist, PhD
- 11.45 - 13.00 *Mingle Lunch*
- 13.00 - 13.45 **Degradable Aliphatic Polyesters**
Ann-Christine Albertsson, Professor
School of Chemical Science and Engineering,
KTH Royal Institute of Technology

Biomaterials Research Centre's Annual Day Clinical Applications & Biomaterials

13.45 – 14.30 **Poly lactides and their Composites for Bone Applications**

Minna Kellomäki, Professor,
Department of Biomedical Engineering,
Tampere University of Technology

14.30 – 14.45 *Leg stretch*

14.45 – 15.15 **Company presentation - Medibiome AB**

Kristina Blom, PhD

Company presentation - Oticon Medical

Patrik Westerkull, M.Sc

15.15 – 15.45 **Regulatory Affairs for Medical Devices**

Anna Dalin, Project Engineer, Integrum

15.45 – 16.00 **Conclusion /End of the Day**
